Thanks to Public Administration, foundation, no profit organizations, media, social services, research and training center we can disseminate Eldy in order to reduce the digital divide and increase the e-Inclusion in Europe and World Wide, enhancing participation of senior Citizens to social life.

Through Regione Lombardia we spread 1.000.000 cd with Eldy, through Italian Welfare Ministry we run intergenerational projects, through European and international Project (Mexico, France, ...) Eldy could reach overseas countries.

WHAT HAS BEEN DONE IS HUGE, BUT WE STILL HAVE LOTS TO WORK ON
