

Eldy @ "E-Skill Week" in Reggio

In the framework of "E-skills week" in Reggio Calabria, Eldy platform has been presented as an important tool to increase the digital skills. The workshop has been held by Reggio Province, Reggio Municipality, the stakeholder Eldy ngo and local ngos the 9th of May with focus digital skills for over55.

Eldy NGO is a national stakeholder on this topic and on "E-skills week" program promoted by European Commission. Eldy has promoted concrete actions for the e-inclusion of seniors and people with disabilities, suggesting the combination of human support to technological devices. Reduce the isolation and encourage people to stay active and social is a must.
